

Congratulations - you've won!

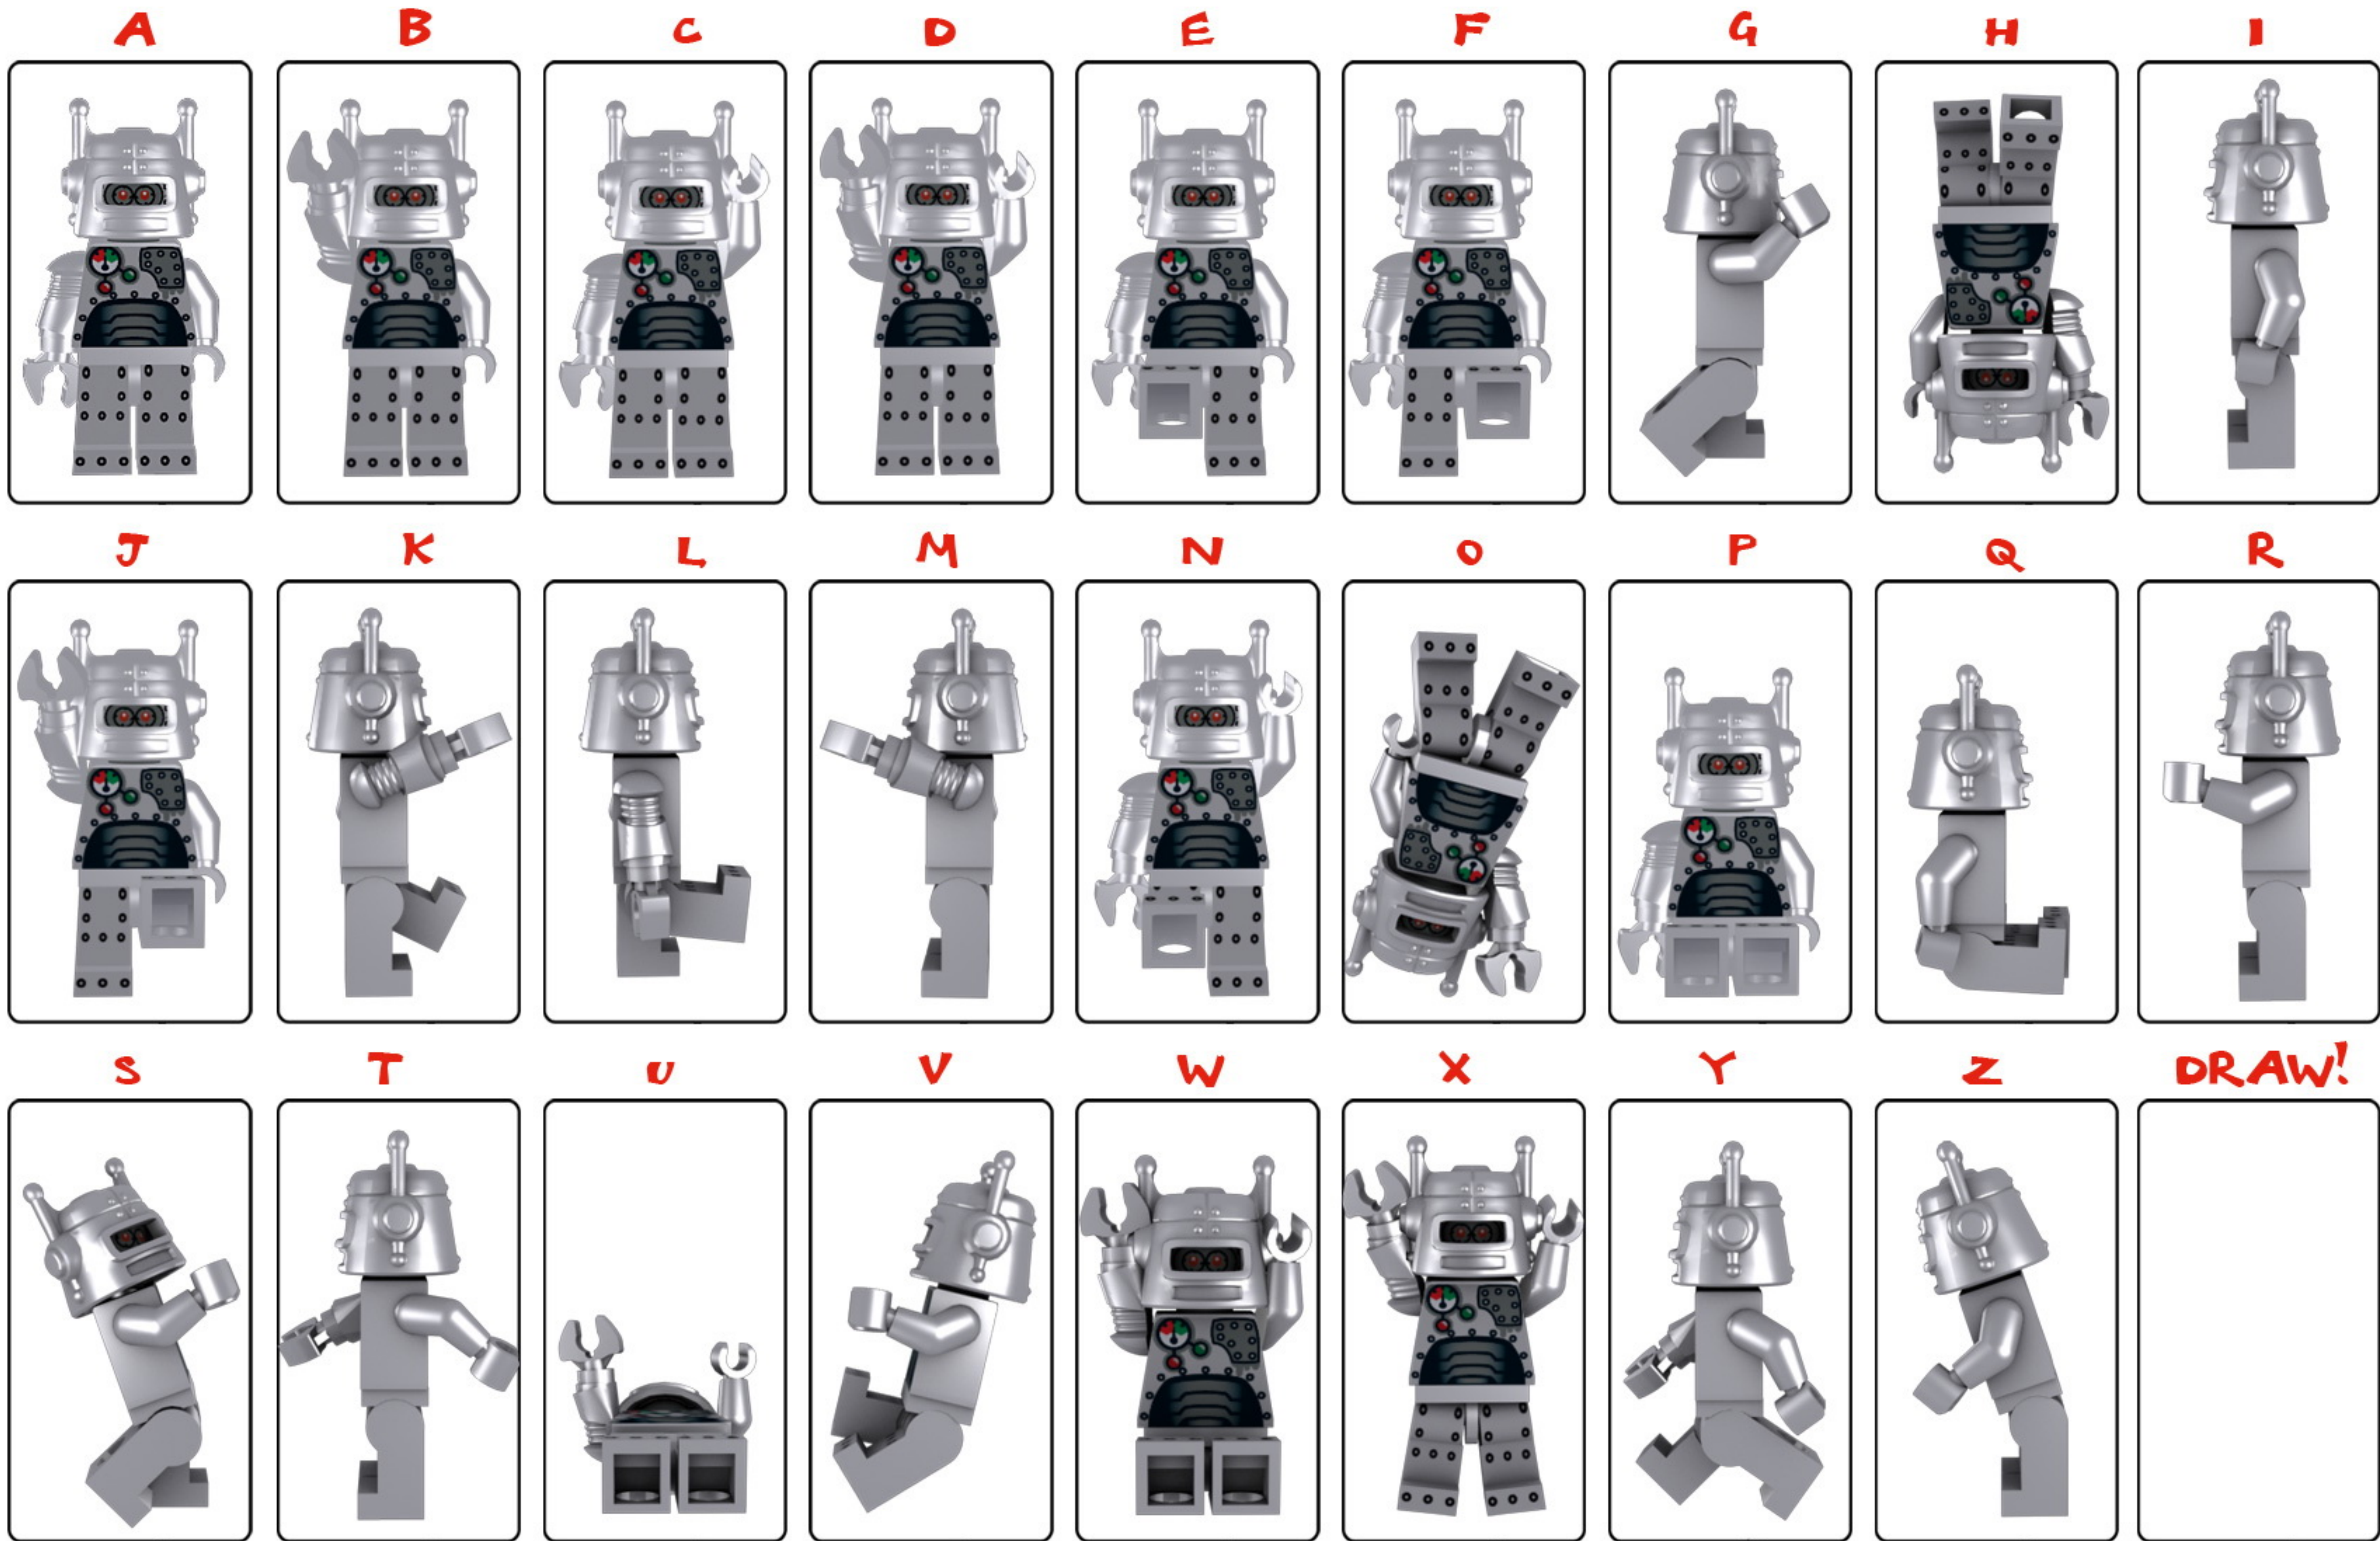

Now here's your prize: a secret Robot alphabet!

Just print it out and ask for an adult's permission or help to carefully cut along the black outline around each picture. Now you have an authentic top-secret Robot code that you can use to spell your name and send your friends secret messages! Want to write your name Robot-style?

Get an adult's permission to use child-safe glue to spell out your own Robo-Name in Robo-code! If you need extra letters, you can print out another copy of the alphabet. You can even make up your own new Robo-code letter and draw it into the last alphabet space. Can you pose your own Robot minifigure like each letter of the code?

Example Code: S.A.M

Make Your own RoBo-Name!
