**ALL ENTRIES MUST BE RECEIVED BY OCTOBER 15, 2014!**

**TRUE OR FALSE:** The "Arctic" got its name from the bears who live there.

**FAMILY FUN:** What sorts of things can be found underground? What would you find if you dug a hole in the ground? Talk with your child about what might be underneath the dirt, like rocks, worms, insects, plant roots, and more.

ANSWER: True. "Arctic" comes from a Greek word that means "near the bear."

# BUILDING A SURPRISE!

It's an exciting day at the Pony Farm!

Yay! They are here!

?

Hi!

Hi. My crew and I are ready to get to work.

Do you want us to build a barn?

No.

Do you want us to build a stable?

No.

Then what do you want us to build?

Well, it's sort of a surprise for my pony. Can I whisper the answer to you?

?

Okay, sure.  
We can do that.  
Ha ha!

The construction crew goes right to work.

Soon, they are done. The new building on  
the Pony Farm is ready to use.

Wow! It's  
your very own  
pony wash!

Another job  
well done.

**TRUE OR FALSE:** Young ponies are called cubs.

**FAMILY FUN:** A pony wash might be kind of silly, but farms have plenty of special buildings to take care of different animals, from barns to chicken coops to rabbit hutches. Talk to your child about what kinds of buildings and animals you might find on a farm. You can even work together to make up your own story.

# GLOMP'S GOOEY, SNEEZY COLD!

Glomp had a bad cold. He was sneezing and sneezing all over the other Mixels. Everyone agreed that something had to be done to make him feel better.

Hoogi was sure he had the answer. "You need a hug," he said. "Hugs cure everything. In fact, everyone in the room needs a hug." Hoogi started running around trying to hug all the other Mixels. That made everyone else run, too, as far away from Hoogi as they could get. All the confusion made Glomp start sneezing again.

Other Mixels had ideas for cures. One said that if Glomp just kept sneezing, eventually his head would fly off his body and then his cold wouldn't be a problem anymore.

Another suggested that Glomp stand on one foot and spin around while flapping his arms and nodding his head.

A third said juggling Nixels while talking backwards would fix everything.

**HOCUS POCUS!**  
**ALAKAZAM!**

Magnifo said, "He needs to think about something besides sneezing, spinning around and juggling. I will do my magic show."

Magnifo reached into his hat and started to pull something out, just as Glomp was about to sneeze again!

# COLOR IN CINDERELLA'S CASTLE!

## TRUE OR FALSE

**Max is a member  
of the LEGO® Club.**

Parents: This model is a great opportunity to create something with your children. Talk about what a hero might need in their headquarters – a car, a computer, secret exits? – and then how you can build it using LEGO pieces. Your child will love building side by side with you.

Every hero needs a secret base where he or she can store their gear and make plans to catch the bad guys. Our Master Model Builders started to create this one using basic LEGO® bricks, but now it's up to you to finish it! You can use pieces from your LEGO collection to finish the model. You can even ask your friends or your family to help you.
